

The BEST Branson Tours! The FUN way to get there!

Branson is like no other place in the U.S. The quality of the talent is as high as you'll find in New York or Las Vegas. The restaurants are excellent. Branson is the number one motor coach destination in America. There are 106 different shows, 53 theaters with 60,000 theater seats (more seats than Broadway) and 18,808 hotel beds in this town of 7,500.

Most tours take you to Branson by motor coach or air. America by Rail takes you there the comfortable, fun way . . . by train!

While Branson is the ultimate destination, the rail portion is an exciting as what you'll see and do in Branson. You'll travel from Los Angeles to Kansas City on the famed Southwest Chief through Arizona and New Mexico. You'll return via the U.S.'s most scenic routing on the fabulous California Zephyr. One day you'll wind through the scenic Colorado Rockies. The next day you'll experience the Donner Pass as your train surmounts the Sierra Nevada Mountains.

On both trains you'll enjoy private-room sleeping accommodations, all dining car meals and a Sightseer lounge.

The remainder of the journey is by deluxe motor coach through the beautiful Ozarks. First class hotels, sight-seeing and most meals are included in Branson. Additional attractions include the Bass Pro Shops Outdoor World in Springfield, Missouri and the Gateway Arch in St. Louis. You will connect with this tour at your nearest Amtrak station.

More than 12,000 people have traveled to Branson with America by Rail. Fall 2012 is YOUR time to go!

I'm Larry Swartz, the Chairman/CEO of the company. Back in 1999, I had no interest in going to Branson, although we were sending groups there. One of our Tour Directors "Shanghaied" my wife and me, taking us to Branson for a tour operators meeting in June of 1999. I've been there thirteen times since then and I'm ready to go back tomorrow.

The unique Branson "spirit" will "swallow you up" once you get there. Go with us this Fall so you can experience it yourself.

The Ozark Mountains that surround Branson are beautiful. Table Rock Lake is one of the top three or four bass fishing sites in the world. Branson is a city of 7500 permanent residents who entertained 8.4 million visitors in 2008. There are over 100 shows (all of which are good or they wouldn't be competing in Branson), 100 hotels, and 268 restaurants.

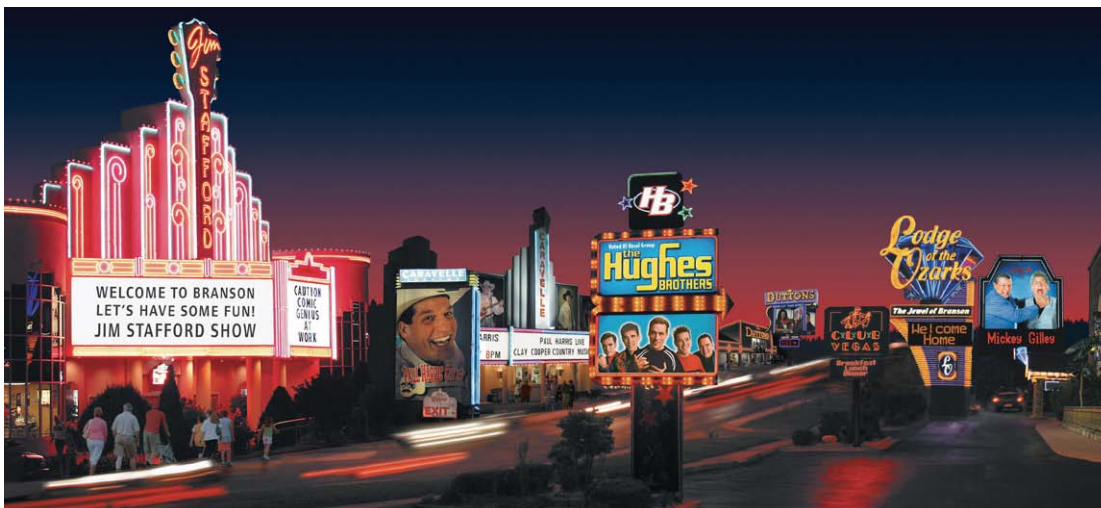

As your motorcoach travels throughout the Branson area you'll pass new Titanic Museum/Attraction, the Veterans Museum, helicop-

ter rides, WWII amphibious ducks to ride, a tethered balloon, an amusement park, the Showboat Branson Belle (the largest land-locked paddle-wheeler in the world), a major theme park (Silver Dollar City). I'll stop here, you get the picture.

One thing you can't see but will sense as you move around the Branson area is the warmth and graciousness of the service people you'll encounter. Why shouldn't they feel happy? They're privileged to live and work in one of the most beautiful and exciting spots in the world.

We have just returned from our first America by Rail trip and want you to know how much we enjoyed it! The itinerary was well planned -seating at shows was excellent-we always had very good seats, and the choice of shows was perfect! On top of that, our tour directors could not have been any better. They were always available to answer questions, give advice to the train novices, and treated each one of us as if we were the only ones on board! We look forward to another trip with America by Rail.
